

# FIVE DAY INTENSIVE

March 14 - 18, 2018  
Phoenix, Arizona

*Maria Elena and Jacqueline invite you*

## Third Eye Initiation

In some cultures there are specific traditions and initiations to open the Third Eye. Spring, the season of opening, is the perfect time for this ritual. Science has identified many more than five physical senses, which appear to be bridge-like between the five gross senses and the etheric senses. The Third Eye is one of our natural senses. This sixth sense is our natural facility to feel and perceive events of different frequencies than our apparently “normal” senses perceive.

Overlooked in favor of the most obvious five, its development is still possible throughout life. Join us and learn the techniques necessary to stimulate this pineal lens that will broaden your picture of the world.

Few individuals know the path through life's difficult challenges into the Heart Center and its deepest Grace/Mystery, Unconditional Love. Maria Elena does and at profound levels. Without reservation and with great admiration I recommend her work to the most hesitant beginner as well as to those well along this most wondrous journey of Self knowledge.
